Dear Mr. Harris,

Once again at the close of summer the Town is sending it's annual reminder to Homeowner's Associations to ask residents to please remove all toys, basketball goals, boats, RV's, dumpsters and so forth from the public right-of-way. We have received a few specific complaints from service vehicles, delivery trucks and mail carriers that have not been able to negotiate the street due to the portable basketball goals and toys left in the street. We would appreciate it if you would put a reminder in your Homeowners Association newsletter for parents and children to keep their toys and goals off the street.

We don't want someone to inadvertently hit a toy, or have a portable goal prevent mail carriers from delivering your mail. In addition, the placement of these items in the public right-of-way is against the law and owners could be held liable for damages created by them. Thank you for passing on the message to your communities, please feel free to call me at 540-338-5024 ext. 14 if you have any questions.

Sincerely,

A handwritten signature in cursive script that reads "Steve Plante".

Steve Plante,  
Director of Streets and Maintenance
